

SECOND LONGEST

SESSION ON RECORD

The Federal House Prorogue To-Day After a Six Months Session—Howell will Retire From Leading Opposition Senators

Ottawa, July 19.—The session which closes tomorrow is the second longest on record. It lasted from January 11th to July 20 six months and 9 days. The longest session was that of 1903 which lasted from March 12th until October 19th, seven months and 12 days. This was the session when the Grand Trunk Pacific first was discussed and Blair resigned. The Railway Commission Bill and Redoubtation Bill were also passed at that session.

At the close of the proceedings of the Senate tonight Sir Mackenzie Bowden announced that he would not read the Opposition in the Upper Chamber next year but would enjoy his pension as a private member. Hon. R. W. Scott regretted this as for himself he had no intentions of resigning.

THE OUTLOOK FOR PEACE.

St. Petersburg, July 19.—M. Witte, the senior Russian peace plenipotentiary today received the correspondence of the Associated Press at his villa on Votkinsk Island. M. Witte spoke in French. After greetings, the conversation gravitated quickly to the high mission with which the Russian statesman is charged and the disposition of the foreign press to interpret his appointment as an indication that Russia had decided to make peace at any price.

"No, no," said his excellency, "In the first place, I have been designated by the emperor as his ambassador extraordinary for negotiations with the Japanese plenipotentiaries to ascertain whether it is possible to conclude a treaty of peace. My personal views are of secondary importance, and my ideas are in entire accord with those of my friend, Count Lomaxoff (foreign minister). In serving my emperor, I have received precise instructions from his majesty, and must follow them."

The ultimate decision remains in the hands of the emperor, and it is for him to decide the destinies of Russia. The emperor is the friend of peace and desires peace, but a very much less than the Japanese claims to be such that we will be unable to reach an accord.

"Secondly, the world should dismiss its mind of the idea that Russia wants peace at any price. There are two parties to Russia. One favors continuation of the war. This is a large and influential party. The other, in which I belong, favors peace. I frankly avow it because telling the truth has always been my rule in politics. When the war began the situation changed."

"Even though there are those two parties, as to the advisability of ending the war in the present circumstances, both would be united if the Japanese demand wounded the amour propre of the Russian people or jeopardized our future as a nation."

"And I am sure to expect that the conditions of the Japanese cannot be accepted, and the Russian people will be ready to continue the war for years if necessary."

"Thirdly, Russia is not crushed, as the foreign press has led the world to believe. The interior situation is serious, I do not deny, but in Europe and America the true significance of what is happening is not understood. Correspondents come here and talk with a few hundred persons in St. Petersburg and Moscow, misinterpret what happens, and fill the world with false impressions as to Russia's future."

"Russia bears little resemblance to western countries. To know it is necessary that one should have been born here or lived many years in Russia. Customs, history and the psychology of the people are entirely different from those of western nations, and Russia cannot be judged by western standards. It is such an immense country, composed of diverse elements and interests, yet the Russian people are like a great family. At present they are troubled by internal dissensions."

"Russia is not on the verge of dissolution as a great power, and is not obliged to accept any conditions offered in spite of the military reverses she has sustained."

"We are passing through an internal crisis, which has been marked by many grave events, and which may have others still in store, but in a few years Russia will again take her place as a preponderant power in the European concert."

A BIG PROGRAM

AUTHORIZED BY COMMITTEE

Committees to be Appointed to Take Up Different Parts of the Work—A Celebration on a Scale Worthy Of the Event

The Inauguration Committee met last night in the council chamber. Present, the Mayor, Messrs. McDougall, May, Boyle, Fisher, Clark, Lines, Short and Dr. Roy. The most of the time was taken up with an informal discussion as to the nature of the demonstration.

The opinion pretty generally prevailed that there should be a number of business engaged for the occasion, that the school children should march and take part in the celebration, and that the military display should be as imposing as possible.

The suggestion that a triumphal arch be erected met with approval as also did the proposition for an electrical display and an exhibition of fireworks in the evening. It was thought that arrangements should be made for associations and organizations of different kinds taking part in the celebration if they so desired.

It is about settled that a grand ball shall be held on the evening of September 1, and every effort will be exerted to make it the greatest that has been.

Committees are to be appointed to take all these matters up. Transportation and entertainment committees will also be appointed and the work will be arranged at once in a systematic manner. A further effort will be made to secure a similar grant to that given to Regina, from Premier Haultain.

It was decided to add to the city's list of guests, the presidents and secretaries of the Boards of Trade in the Territories and the Senators of Western Canada.

The chairman appointed Messrs. Short, Turnbull, Cushing, Lines and McDougall as a committee to draft the standing committees for each branch of the work in getting up the celebration. These committees are to be appointed at once, get their work in shape, and report to the inauguration committee at a meeting in the council chamber on Saturday evening.

The citizens who have undertaken this celebration mean business and everybody is getting to work with the determination to make it worthy the occasion. A proposition made by Mr. McDougall to get up an illustrated souvenir of the city, showing its growth and progress, has been received favorably and will probably be carried out.

Morrow says

"Your doctor feels perfectly satisfied when told that we are your druggists. He knows the high quality of our prescription work"

MAKING ONE'S TOILET is a far pleasanter proposition if all the appointments are handsome and convenient. You can have them that way if you say the word. But say it to us.

WE ARE PLUMBERS who make a specialty of good work. We will make your bath or toilet room fit for a king or queen. Sanitary, too; perfectly so. And, as usual, our bill will be so small that you'll doubt our being real plumbers. But we are.

We are sole agents for Sutton Germ Proof fitter.

## MR. HAULTAIN'S ANNOUNCEMENT

In an interview with a Calgary paper Mr. Haultain insisted that he was not bound by the "party line" resolution of the Moosejaw convention. How Mr. Haultain arrives at this conclusion it would be interesting to learn. It is the only instance in recollection of a Provincial leader denying the obligatory nature of a resolution passed by the organization of which he is head for the purpose of determining the character of a Provincial campaign. Premier Haultain is bound by every law of fairness and honesty to reverse the resolutions of the Moosejaw convention or resign the position of Honorary President of the Territorial Conservative Association to which that convention elected him. Mr. Haultain's declaration transfers the responsibility for the proposal to introduce party lines from himself to the body of the Conservative party in the Territories. According to his claims, Mr. Haultain was not the author, but the victim of the convention. It was called not at his instigation for the adoption of a policy desirable to him, out on the responsibility of Mr. Borden for the purpose of forcing upon the Territorial Premier a policy which he did not approve.

The body which enacts can alone revoke. It does not therefore lie within the power of Mr. Haultain or any other individual, to alter the character of the campaign laid down by the Moosejaw convention. This can only be done by an assembly of the accredited delegates of Territorial Conservatives. Whatever claims or pronouncements of independence are made by Conservative individuals or journals regarding the Provincial campaign are therefore binding and reliable only so far as those individuals or journals are concerned. According to Mr. Haultain the party as a party stands pledged to party lines, even against the wishes of himself. It follows that the election of a majority of Conservatives to the first Provincial Legislature would leave those members free to carry out the spirit of the Moosejaw convention regardless of the pre-election promises of Mr. Haultain or the Calgary Herald.

## THEY WANT TO RETARD SETTLEMENT

The action of a faction of the Opposition in Parliament, led by Hon. Geo. E. Foster, Mr. E. B. Osler of Toronto, Dr. W. J. Roche, of Marquette, Man., against the appointment of additional homestead inspectors in the North-West, will certainly not commend itself either to the settlers of the North-West or to the fair-minded people of Eastern Canada. Since 1897 the flow of immigration into the Territories has been large and during the past few years the increase has been phenomenal. The fact that available land for settlement on the other side of the border is getting scarce, has, no doubt, contributed somewhat to this condition of things, but the additional exertions which have been put forth by the Canadian Immigration Department during the years mentioned, in furnishing the best knowledge of the great possibilities of the North-West as a field for settlement, has been the chief factor in bringing to Canada thousands who otherwise would have sought out other lands. When Sir Wilfrid Laurier said that in the matter of growth the United States could claim the nineteenth century, but that the twentieth century belonged to Canada, he spoke as a statesman and as a prophet who was not without honor in his own country, and the manner in which, in response to his words, tens of thousands have come to Canada, shows that his sentiments have reached to the ends of the earth.

Today Canada looms large in the eyes of the world as the great field of immigration, and thousands upon thousands of outsiders are wending their way to our Great West, to take up the duties of citizenship. It is to make rough places smooth and crooked ways straight for the large

number of settlers who have come in for the past few years, and for those who are still coming in, that the appointment of extra homestead inspectors has been deemed advisable by the Minister of the Interior. It has been well said that the contented settler is the best immigration agent. To have a contented settler it is well that the conditions at the start should be such as to commend themselves to the income, and in no way can that be done better than to have efficient methods in regard to expeditious homesteading. Recently, the Minister of the Interior has been strongly appealed to for the appointment of additional homestead inspectors, on the ground that there was great delay in securing the proper operation of the Lands Act in certain sections of the country, because of the impossibility of getting inspections made as promptly as they should be made. The North-West Territories is a country of magnificent distances, and yet, of late, settlers have been finding their way into practically every part. The homestead inspection and the distances to be covered by the inspectors has been correspondingly increased, and it is to meet the extra requirements that the additional inspectors have been appointed.

The homestead inspector's duties are possibly the most important duties of any officer of the Government in connection with the settlement of land. It is upon the inspection thus made that all of the duties between the Government and the settler, as well as the absolute rights of the settler, are decided. The time required for the duties of the inspector cannot be judged by the number of inspections that he makes. If a settler has seen fit to go out for settlement a hundred miles or more, has put in his three years and proved up his homestead, he has the right to demand that the inspection of that homestead shall be made and that the patent shall issue to him; and, until that inspection is made, the patent cannot issue. This would involve a drive of 200 miles on the part of the inspector, and, although not a common case, has its parallel in the records. A number of inspections for patents may be demanded immediately, and if the inspection is delayed, as it may be, from month to month—perhaps for a period of six months—the settler has great cause to complain of harsh treatment, and he does complain, invariably.

It is to improve the conditions of the settler that the appointment of additional homestead inspectors is called for. The public service must be kept up to the highest standard of excellence, and the confidence of the settler, that he will not only get fair treatment, but prompt service at the hands of the officials of the Government, must be maintained at all hazards. In the early years the fact that the enforcement of law in the Territories was in the hands of the Mounted Police, gave heart to the settlers of that day to locate in places remote from civilization, and their confidence in the "riders of the plains" was not misplaced. Today, under easier conditions, the confidence of the settler in the good intentions of the Government, through efficient work by their officials, must be maintained, despite any objections that may be made on the floor of Parliament by men who either do not know the requirements of the West, or, from partisan motives, are unwilling that the hands of the Government should be sustained in the upbuilding of that portion of our great heritage.

## THE NEW PRISON

## A MODEL AND MODERN BUILDING

Well Adapted for a Provincial Penitentiary—The New Jail Will Probably be Finished in Three or Four Months

The new jail is rapidly nearing completion, and it is expected that in three or four months it will be ready for occupation. The whole is a most substantial structure and is built upon the most approved plan. The main building is 39 ft. 6 in. by 46 feet with a vestibule 18 by 22. In this building on the first floor, is the jailer's office, the guard room and a store room; on the next flat the dining room, sitting room and kitchen for the jailer's residence are situated, also the work rooms for the prisoners. The top flat is fitted up with bed rooms and bath room for the governor's use. These living rooms have wooden floors with concrete underneath, but all the rest of the building is floored with concrete. The cell wing is 32 feet 8 inches, by 56 feet and is divided into forty-two cells, three tiers of seven each, on each side. The corridors run along the side wall of the building, the cells opening off them. There is a passage in the centre of the building between the rows of cells, and it is almost filled with water pipes, sewer pipes and ventilators. The cells are each 5 feet by 8 feet inside, and every one is fitted with exposed plumbing in an up-to-date and sanitary manner. The pillars at the front of the cell partitions are built of concrete and are a credit to the builder, being almost perfectly constructed.

In the cell wing everything has the appearance of being built to withstand almost any kind of attack, and the person who has the misfortune to get in will not be at all likely to get out except at the pleasure of the law and authorities. One half of cell wing is for male prisoners and the other side for females. There are to be two shower baths fitted up in the cell wing.

The top row of cells, there being three tiers, on the men's side, is approached by a gallery about three feet wide, with a railing, there being no corridor floor on that flat. The doors of the cells are all fastened by a combination lock at the end of the corridor, which operates all the doors on that corridor. All the stairs in the building except the front ones, are of steel, and the whole structure is made thoroughly fire-proof. In fact there will be almost nothing in it to burn. The basement of the main building is fitted up with store rooms, and two large vaults have been built, one in the basement and the other in the jailer's office on the first floor.

The building is to be heated by steam and systems of ventilation are arranged in it. Alderman Chas. May is the contractor and the work is being performed in a first class manner. When the Government Inspector last visited it was warmly commended the contractor for the excellent workmanship and material in the construction of the building.

It is not improbable that when the Provincial government is established here this building will be utilized for a provincial penitentiary or prison. It is in every way adapted for the purpose and the cell wing can easily be extended if necessary. The building when completed ready for occupation will probably cost between \$60,000 and \$70,000 and will be a public institution of a most substantial character, and the Dominion government are to be commended for the erection of such a building here.

## A PIONEER GONE

On Saturday, July 15, Rev. Orlin German, of the Battle River Indian mission, one of the pioneer missionaries of Alberta passed away. Writing of him a correspondent says: "He died in the faith that he always lived in. He was buried on Monday, the 17th, in the Indian cemetery beside his daughter and among the people he worked for and with. The Rev. Mr. Dalgleish of Ponoka, conducted the services. Several others took part, among them being Jas. A. Tominas, a life friend and old schoolmate. Also Chief Joseph Samson, Councilors Louis Nahchooses and Louis Bull. The Indians spoke very tenderly with tears in their eyes of his help, encouragement and sympathy in their times of trouble, and also how his counsel had never failed to give relief and comfort. They spoke of how he had bapt-

tized, married and buried many of their loved ones. Dr. John McDougall, who has been associated with him in the Indian mission work for thirty-three years, was privileged to find that he had arrived too late to attend the service owing to the telegram being delayed.

"Mr. German was converted as a young man and at once entered the ministry, spending the first three years in the white work, going into the Indian work in 1872. He was stationed first at Oxford House, north of Winnipeg, where he remained four years. From there he went to Norway House for six years. He then took a furlough for one year which he spent in compiling a Cree hymn book. Then he was sent to Rama for one year, going from there to Whitefish Lake, Alberta, for six years, then to Saddle Lake for two years. In 1892 he came to Battle River where he made many friends, not only among the Indians, but among the White people, one of whom was heard to say, "We cannot get a man to fill his place."

He leaves a wife and five children to mourn his loss. The two younger daughters live at home, the others being Howard, of Yorkton; Chas. of Winnipeg, and Mrs. Herbert Laidman of Lacombe.

## HOMEWOOD PICNIC

The annual picnic of the Home Wood Presbyterian church will be held in the grove just south of the church on the afternoon and evening of Thursday, July 27th. As the proceeds go toward the worthy purpose of helping to defray the expenses to which the church members have lately gone in enlarging and re-seating the church, it is hoped that a large turnout will assist in the good cause. Arrangements are being made to get the Clover Bar and East Clover Bar football teams to play in the evening and a good time is promised to all who attend.

## NEW WEED BULLETIN

The Bulletin has received a copy of a new weed bulletin which has just been issued by the Territorial Department of Agriculture. The pamphlet which is entitled "Hints for the Grain Grower" has been prepared by Mr. T. N. Wingard, the chief weed inspector, and naturalist of the Department. Besides clear illustrations of all the weeds listed as "noxious" within the meaning of the Noxious Weeds Ordinance the bulletin contains cuts of a number of other plants which are sometimes troublesome. A feature of the work is a fine colored plate of that enemy of the farmer the Sunkweed. The plate was prepared from an excellent water color drawing executed for the Department by Mr. Norman Criddle of Aweme, Man., and is a life-like representation it is understood to be the intention of the Department to supply a copy of this plate for each country school in the Territories so that the children may learn to recognize this weed on sight. The bulletin contains besides the description of weeds, practical articles on such subjects as: "Preparation of the soil for a grain crop," "Seeds and Seedling," "Noxious Insects," "Gophers," "Smut," "Potato Scab." This is distributed free of cost and copies may be obtained on application to the Deputy Commissioner, Department of Agriculture, Regina.

## THE NEWS OF THE DAY

## IN CONDENSED DESPATCHES

Brief items from many sources tell the story of the day's events.

## JAPS SUSPECT RUSSIANS.

Tokio, July 20.—It is believed here that Russia is not in earnest in her professions of a desire for peace, as the Czar has assured General Linvitch that he will be supplied with everything necessary to accomplish a great victory.

## BOUQUETS FOR WITTE.

St. Petersburg, July 20.—The Witte, Russia's chief peace plenipotentiary to Washington, was given a magnificent send-off on his departure. The railway carriage in which he travels was one bank of flowers, and many of the notables bade him farewell, which demonstrates how strong the peace party is.

## JAP AMBASSADORS ARRIVE.

San Francisco, July 20.—The members of the Japanese peace commission arrived last evening en route to the capital.

## BARR DEFEATED.

New York, July 20.—Capt. Barr, who successfully defended the American cup, was defeated by an amateur in a race here today.

## ROOT SWORN IN.

Washington, July 20.—Elihu Root has been sworn in Secretary of State succeeding the late John Hay.

## FATAL HEAT WAVE.

New York, July 20.—The excessive heat which has been experienced in the east during the last two days, and which has caused about fifty deaths and hundreds of prostrations, has somewhat abated, and cooler weather is expected. During the spell many suicides were reported from this cause and several fatalities from people falling out of windows while asleep.

## BLEW UP A GOVERNOR.

Helsingfors, Finland, July 20.—An attempt was made to assassinate Vice-Governor Dutsch, as he was leaving the Senate. A bomb was thrown at him which fell short, but the force of the explosion blew him off his feet and he received several wounds. The would-be assassin escaped.

## BROWNED AT DESERONTO.

Deseronto, July 20.—Florence Rogers and J. McElroy were drowned while boating.

## BALL GAMES.

Winnipeg, July 20.—Ball scores: Fargo 3, Winnipeg 0; Crookston 5, Grand Forks 2.

## CANUCKS AT EISLEY.

Eisley, July 20.—Seven Canadians are in the second stage of the King's prize. The Dominion men showed up well in the blue ribbon event, though many went to pieces at 600 yards. Capt. Jones put up an even hundred and Sergt. Richardson, 99.

## KILLED BY LIGHTNING

Toronto, July 20.—Joshua Goorman of Hintonburg and J. Darce of Trenton were killed by lightning yesterday.

## ANOTHER BODY RECOVERED

Kenora, July 20.—The body of P. Beauchamp of Ottawa, drowned with the Major Sankey party in Lake Manitoba July 10th has been recovered.

## FASHIONABLE WEDDING.

Portage la Prairie, July 20.—Bessie Watson eldest daughter of Senator Watson was married to Arthur Swinford of the Merchants Bank. Winnipeg, son of Major Swinford of the North West rebellion fame, yesterday. It was a most fashionable function.

## MINERS BLOWN TO PIECES

Des Moines, Iowa, July 20.—Five miners and the building they were in was blown to tiny pieces by the lightning striking the building. In the house was stored 250 lbs. of dynamite, hence the horror.

## FAIR OPENS TODAY

Winnipeg, July 20.—The Winnipeg fair opens this afternoon. Premier Roblin pulling the string. Every available inch of space has been taken by local exhibitors. This beats last year's Dominion fair. Weather is most favorable.

## SEARCH FOR FRANKLIN

Winnipeg, July 20.—Ex-Ald. K. N. MacDonald one of Winnipeg's first aldermen died suddenly last evening. He was born in Winnipeg and was a member of the Franklin search party to the north pole.

You've probably used soap that cleaned your clothes quickly but have found out afterwards that it had destroyed them.

# REVILLON BROTHERS, Ltd.

### LOCALS

—Last night was the hottest of the season.

—Henry Lorneau was fined \$5 and costs, being \$5 in all, in the police court this morning, for being drunk and disorderly.

—The funeral of the late Charles Sandison will leave the family residence at 2 o'clock p.m. on Sunday for the Edmonton cemetery.

—There is a football match tonight between Edmonton and Clover Bar on the football grounds near the Richelieu hotel. Kick off at 7:30 p.m.

—The salaries of the Supreme Court judges in the North-West have been raised from \$1000 to \$6,000 and the Chief Justice has been raised from \$6,000 to \$7,000.

—Lacombe Globe: The popularity of Gull Lake as a summer resort is now known by nearly all the recreation loving people of the West. No body of water in Canada offers better facilities for fishing, boating, bathing and picnicing. It is certainly the coming summer home of hundreds of Alberta's better class of people. At the present time there are seven cottages in course of erection, with several more to follow.

—Alberta Star, Cardston: Word reached here last Friday afternoon that Mr. William Sloan and a helper named Summerfield had been buried in a coal mine on the river near Kimball and medical help was at once summoned to the scene. It seems that Mr. Sloan was back in the mine about thirty feet when the roof caved in. His helper was nearer the mouth and was soon rescued but it took five hours to reach Mr. Sloan. He was conscious when his rescuers reached him but was suffering from severe pains in his shoulders which had come in contact with the timbers. At the last report the two men were getting along well.

—Chas. Engle, a brakeman on the C. P. R. gravel train which is being hauled the branch line east from Lacombe met with a serious accident on Saturday evening. Mr. Engle attempted to mount the moving train and his foot slipped in the loose gravel by the side of the track, throwing him forward to the corner of the car striking him in the back and his foot

was caught by the truck, taking off one toe. The unfortunate man was removed to the Red Deer hospital for medical attention. It is thought that he was not injured internally.

—Red Deer News: A sad accident occurred on Saturday afternoon whereby the 12 year old son of Mr. John Walker shot himself. It seems he was attacking a snake with the butt of his gun when it went off and the charge passed through his abdomen. He was about a quarter of a mile from home at the time but pluckily walked the distance before giving out. On being taken to the hospital he was operated upon when thirteen perforations were discovered in his bowels. These were sewn and the boy came out of the ordeal with marvelous vitality and although the case was thought to be hopeless there is happily now a chance for his recovery.

—Calgary Albertan: Wing Kee accuses a young woman who calls herself Belle McCauley, but who has many other aliases, of stealing \$14 from him on July 12th. The young woman was indebted to Wing for this amount, he holding a ring as security, and on the 12th inst. she called in and paid the amount, but Mr. Kee alleges she stole the amount a few moments later when his back was turned. She left the restaurant rather hurriedly, saying she would return in a few minutes, but Wing has not seen her yet, at least not in his restaurant. The case was reported to the police, and Chief English traced her to Edmonton, where she was arrested and brought down here last night.

### COWS IN POUND

Poundkeeper Forde very nearly came under the provisions of the dairy by-law yesterday morning as he had seven cows to milk. So far twenty-five bovines have been placed in his custody. Yesterday James Turnbull found that two of his cows were in duress vile and undertook to take them out on his own account and in so doing liberated four others. The result is that Mr. Turnbull has received an imperative request to appear in the police court on Saturday to answer a charge under the by-law.

Citizens should be careful not to interfere under this by-law in any way, especially with officers driving cows to the pound, as the maximum fine for such interference is fifty dollars and costs, and the city authorities are determined to thoroughly enforce this law.

### BASEBALL TO-NIGHT

In the base ball game tonight between Innisfail and the Capitals the home team will line up as follows: Ooster, c; Vining, p; Hunt, 1b; Kinneer, 2b; Deaton, ss; Maloney, 3b; Tipl, lf; Milne, cf; Bishoprie, rf.

### SOUTHWICK-PAGERIE

At the Presbyterian manse this morning at 2 o'clock, Mr. Philip S. Southwick was united in marriage to Miss Alice Pagerie, youngest daughter of the late Felix Pagerie. Rev. Dr. D. G. McQueen was the officiating clergyman. The bride was accompanied by Miss Edith Taylor and her little niece and nephew. Mrs. Connor was also present. The groom is a well-known and respected resident of Edmonton, the bride being one of Edmonton's oldest families. The newly-married couple left on this morning's train for the south.

### ROSE RIDGE NEWS

[Correspondence]  
 Mr. Hugh Flynn and Miss Aggie Flynn drove up to Camilla last Saturday evening.

Mr. and Mrs. Austin of Edmonton, are visiting friends here.

Mr. J. A. McGillivray of Edmonton, called at Mr. Flynn's when returning home from Riviere Qui Parle.

The Roseridge school is closed for two weeks.

Mr. Jos. Steffes, of Morinville, passed through here with an up-to-date threshing outfit, on last Saturday evening.

The Roseridge sluggers went to St. Albert on Thursday last and won an easy victory over the baseball team there, the score being 20-2. The team have not lost a game this season.

### SPRUCE GROVE LIBERALS

The Liberals of Spruce Grove held a meeting in Willie's Hall on the evening of July 18th, for the purpose of re-organizing a Liberal association. The following officers were elected.

President—F. Umbach.  
 1st vice president—D. S. McKay.  
 2nd vice president—D. Brox.  
 Secretary—Walter Bristow.  
 Mr. J. A. McPherson, was elected delegate to the provincial Liberal convention to be held in Calgary on August 3rd.

### LEDUC SPORTS

The sports at Leduc yesterday attracted quite a large gathering. The late train coming north last night had about two hundred passengers. The base ball game between Leduc and Conjuging Creek resulted in a victory for the former by a score of 19 to 13. The score would indicate that it was hardly a fast game.

In the football contest Clearwater tried conclusions with Leduc and the teams were so evenly matched that neither scored a goal and the result was consequently a tie. The foot races were well contested, but the names of the winners are not to hand.

The horses were held on the main street and were quite exciting. The cowboy's race, lady's horse race and pony races were interesting contests of speed. Quite a few people went down from the city to spend the day. A dance in which everybody joined closed the day's proceedings.

—A mass meeting of Liberals will be held on Saturday evening, July 29, to endorse the candidature of C. W. Cross for the electoral district of Edmonton in the approaching provincial elections.

### DIED

SANDISON—At Edmonton, Mr. Chas. Sandison, on Tuesday, July 18th, at the general hospital, from injuries received at his brick yard July 17th. Aged 54 years, and 5 months.

### News in Brief

Jos. Jefferson, a retired farmer, died suddenly at Davidson, Sask.

Harry Boyer, while crossing the river at Mached upset and was drowned. The team was also lost.

The clause to legalize betting on the race tracks has been struck out of the Dominion criminal code.

Assistant Attorney General Cannon, of Quebec has been appointed judge of the superior court at Trois Rivières.

The steamboat Clyde was sunk in the Mississippi River, near Wabasha, Minn., by a tornado, which turned the vessel completely over. The captain and crew escaped by jumping overboard.

The death of Andrew Henry, a well known Portage plains settler from foal play is unexpected. He was found on the road by ex-policeman Taylor badly battered. Taylor is under surveillance.

### PERSONAL

Mrs. J. Dunlop left for Lacombe this morning.

Geo. Manuels left this morning for Winnipeg.

Mr. Ed. Lyons returned from Calgary last evening.

Calgary Albertan: Mrs. J. Lauder and Miss Lauder, Edmonton, are staying at the Alberta hotel.

Justice Scott returned from Calgary last evening. He was in attendance at the Fall Court in that city.

Miss M. B. McKinnon, Miss Alice McDougall, Miss Ann McDougall and Miss Nora Campbell left this morning for a two weeks visit to Banff.

Messrs. James Montgomery, R. Graham and Geo. Douglass, of Renfrew County, Ontario, left for home this afternoon. They have been making a tour of the west.

N. LECLERC, Prop

## THE POUND LIMITS

Following are the provisions of the new pound by-law fixing the limits within which animals may not run at large:

2 No person shall suffer or permit any horse, mule, bull, cow, goat, sheep or swine of any sex or kind, nor any cattle, goats or poultry to run at large or be herded in the limits included in the boundaries hereinafter mentioned, commencing at the junction of the boundary line between River lots fourteen and sixteen in the City of Edmonton and the Saskatchewan river, thence North to Rat Creek, thence westerly along Rat Creek to First street, thence South along First street to McKenzie avenue, thence West along McKenzie avenue to Sixteenth street, thence South along Sixteenth street to the Saskatchewan river, thence easterly along the north shore of the Saskatchewan river to the place of beginning.

3 Notwithstanding anything to the contrary contained in this by-law no person shall allow any bull, stallion, goat or swine to run at large anywhere within the limits of the city of Edmonton.

4 Nothing contained in this by-law shall be held to prevent driving of horses, mules, cows, oxen, cattle, sheep, goats, swine, geese or poultry through the public streets, provided the same be in sufficient and competent charge and not allowed to stray or hinder by the way, but no person shall drive or lead any stallion, bull, goat, ram or he-goat, unless such animal is thoroughly secured from getting loose by strong bridles, halters, reins, ropes or other sufficient means held by the driver or person in charge.

## YOUNG LIBERAL CLUB

Gelepy Hall was filled with Young Liberals last night. This organization is growing rapidly both in number and popularity. President McLeod occupied the chair. On motion it was recommended that a mass meeting of the Liberals of the Territorial district of Edmonton should be called to ratify the nomination of C. W. Cross as candidate for the Alberta Legislature, his nomination having been for the North West Assembly.

It was also decided to call a public meeting, under the auspices of the Young Liberal Club, soon after the Provincial Liberal convention to give the Liberal candidate an opportunity to present his platform to the electors.

A resolution was passed expressing the opinion that the present prohibitory boundaries in regard to the liquor traffic should be maintained under the Provincial Government as has been under the North West Assembly.

A debate was the next part of the program. The subject for discussion was, "Resolved that Edmonton should be the permanent Capital of Alberta." Mr. J. Thum and Dr. Strong supported the affirmative, and Messrs C. F. Race and MacFarland upheld the negative. The discussion was interesting and entertaining. The decision was given in favor of the affirmative.

## ROBERTSON'S HALL

WEDNESDAY  
NIGHT, JULY 26

EDWARD R. SALTER  
PRESENTS

"FABIO ROMANI,"

A splendid dramatization of Marie Corelli's famous and widely read novel "The Vendetta." Adequately staged and admirably acted.

Sea's on sale at Archibald's Drug Store.

The Balance  
Wheel

Look inside your watch a moment. The balance wheel is making 18,000 vibrations an hour. If it is in good condition, it will move 3,558 miles in a year and requires less than one tenth of a drop of oil to make it run. But it needs that little body. Don't take chances. Let me clean and oil and put your watch in order for a year. It will pay you and satisfy you.

A. BRUCE POWLEY,  
Jeweller.

## EDMONTON IRON WORKS

## A GROWING INDUSTRY

A Machine Shop and Foundry With  
a Future Among the City's Manu-  
facturing Establishments—Busi-  
ness Doubled in Two Years

The Edmonton Iron Works is one of the growing industries of the city. Its business has been doubled in the past two years and its manager, Mr. Q. J. Cornwall, considers its future to be promising.

The main building is fitted with up-to-date machinery for the manufacture and repairing of machinery. Among the machines are two large lathes; two drills one a very powerful machine capable of drilling a 3 inch hole; a screw machine, for threading bolts and nuts; a saw that cuts through a four inch steel shaft in a somewhat deliberate yet certain manner, a planer, and a shaper, the latter capable of working in devious ways in the manufacture of iron or steel parts.

The moulding shop is at the back and is quite a commodious building. At present castings are being made for coal holes in the sidewalks, also for man holes and catch basins for the sewers of the city. The shop has a capacity of from 6,000 to 7,000 pounds of casting per week. Last month the foundry supplied P. Anderson & Co.'s brick yard with between six and seven tons of castings for their new kilns. Next month, the manager says they will be engaged in fitting up threshing outfits and after that saw mill work will engage their attention for a while. Their work extends from Red Deer to the Peace River. They have done a good deal of work for saw mills up in the north country.

The firm manufacture their own patterns and for this purpose have fitted up a pattern factory above their machine shop. They are working on large pipes for the gas wells at present, and are also making cast weights and iron columns for contractors who are putting up buildings.

Their shop is adapted to a variety of work and though not a very large institution they have facilities for turning out almost every kind of work done in a much larger foundry. Ten men are employed at present and are continually busy in an effort to keep up with the orders for work.

The firm has a blacksmith shop at the side of the machine shop where all kinds of forging is done, so their outfit for work is complete. Mr. Cornwall, the manager, is a thoroughly practical machinist himself, and it is greatly due to his personal oversight and attention that the business has acquired its present dimensions and gives promise in the near future for further expansion.

## WILLOWDALE

Mewasin, July 14.—Willowdale is a hamlet that has just sprung into existence. Three years ago the actual possessors of the timber, scrub, and prairie were the coyotes and prairie chicken. Then Mr. Musselman came and being a friendly man very soon had several others settled about him. Now there is a thriving community, a regular Sabbath service, well attended and conducted by the pioneer Methodist preacher. They have a carriage and blacksmith shop, a saw mill, shingle mill, and the settlers talk of a day school and post office as not far distant. On Thursday last, July 13th, the annual picnic was held. The grounds and preparations were simply ideal. A dining booth, 75 feet long roofed and trimmed with green boughs, tables the full length with comfortable seats, a good football field, a sparkling stream lured by happy boy and girls and the good natured smile on Mr. Musselman's face were among the charms of the place. There were speeches by two proposed candidates for the new Legislature, speeches by the Minister and some of the visitors. There were races and races, and then the young man ran for the sweetest girl to sew a button on his coat. To cap all there was the football match between Onaway and Willowdale. We have witnessed many games, but this was the swiftest, the cleanest and the best-natured game of them all. The Willowdale friends used us right royally and when they asked us to come again next year we said yes and we mean it.

## LOCAL

—The barricades have been removed and the pavement from Larue & Picard's store to the post office brought into use.

—Messrs. Koop and Kelly the American Banjoists will assist at the piano rental at Butcher & Pujow's on Saturday evening.

—J. R. Benton leaves for Fort Saskatchewan tomorrow to sink the test holes for the new C.N.R. bridge which is to be erected as soon as preparations can be made for same.

—There will be a game of base ball on the ball grounds tonight and also tomorrow evening. The capitals meet tonight this evening and Wetaskiwin tomorrow evening. Both games should be well worth seeing as the teams are all playing good ball.

—The prize list for the Fort Saskatchewan fair has been completed and copies are being distributed. The fair will be held on August 9th and from the broad range of the prize list and valuable prizes offered will doubtless be as great as its predecessors.

—Revell Bros. have a large shipment of flour, bacon, sugar, beans, rice, canned goods and other provisions for the Grand Trunk Pacific survey parties at Grand Prairie and Sturgeon Lake. The shipment will likely go out the last of this week or first of next.

—Among those camping at Cooking Lake are Mrs. O. Bishperie and family, Judge and Mrs. Scott, Mrs. W. S. Robertson and family, Mrs. Dr. Harrison and family, W. H. Cooper and family, Mrs. and Miss Wright, St. Thomas, Ont. and Messrs. W. A. Griesbach and Dr. Jamieson.

—There is a pretty well-authenticated rumor afloat to the effect that the Grand Trunk Pacific has obtained, or is negotiating for, running rights over the C.N.R. into Edmonton for the purpose of bringing construction supplies into this city. If the arrangement is made construction will begin at this city instead of at the coast.

—Joseph Lowden, the only son of James Lowden, near Ewing P. O., was drowned while trying to capture a young duck in a small lake on the place of Col. Moore. The boy could swim very well and is supposed to have been confident when he realized how far from shore he was. He cried for help, and a young man rushed from the house to help him, but before he could get to him, he went down for the last time. Help arrived but it was five o'clock in the morning before the body was found and taken to the home of T. Barritt, where he had been stopping.

—"Fazio, Roman," adapted from "The Vendetta" by Marie Corelli, will be the attraction at Robertson Hall on July 28. The dramatization is in five acts, and the interest commences at the rise of the curtain and continues throughout. The plot treats of a wife's unfaithfulness and duplicity, and her favor for a false suitor and friend, in which they jointly contrive to have the husband consigned to the terrible fate of being entombed alive. The tremendous eruption of Mount Vesuvius occurs during the period of his burial alive, which results in his escape, thus giving him his freedom to execute the vow of vengeance registered during his entombment and is followed by the shocking death of the erring wife and false friend.
